The addition to the Cameron block is now completed. This makes that block 80 x 13 feet large, also going to the full height of the block. The work was done by contract with Davies and reflects much credit to him.

Coleman has grown so much recently that there is no doubt but what Mr. Cameron will find it necessary to add another story to his block next year so as to make room for architects, lawyers, dentists etc.

Never was Coleman so well favored by opera companies as this week when The Girl From Chilli Co. gave two performances in the opera house here.

On Wednesday night a large number witnessed the show entitled "The Girl From Chilli." The singing was excellent, the music was the best the dancing and every item was creditably rendered. The appreciation of the audience was shown by their numerous applause which nearly made the house shake.

The people were so excited they well pleased with Wednesday night's performance that on Thursday the same company favored Coleman with a show called "The Inventor." This show also far exceeded the expectations of the audience and was without fault.

Come again.

WEDDING BELLS

O. E. S. Whiteside, General Manager of I. C. & C. Co., Married to a Popular Ontario Lady

A very quiet wedding was solemnized in Chicago, Ill., on Wednesday, November the 25th, when the Rev. John Allworth, (cousin of the bride), united in marriage Miss Ella Tvoros Clara, only daughter of J. A. Clara, Sarnia, Ont., to Mr. O. E. S. Whiteside, general manager of the International Coal & Coke Company, of Coleman, Alberta, and only son of Edward Whiteside, Esq., of Metcalfe, Ont. After a four through eastern cities Mr. Whiteside will spend a short time in Sarnia, prior to leaving for Coleman Alta., their future home.

The bride is a popular Sarnia young lady, and has a wide circle of friends here who will extend hearty wishes to herself and husband.—The Sarnia Observer.

The announcement of Mr. Whiteside's marriage came as a surprise to his wide circle of friends throughout the Pass. Although it was known to some of Mr. Whiteside's close friends it was not generally known that he would not return alone. Instead of the usual 6 months or 2 years' contract which our genial manager generally returns with to gladden the hearts of our citizens this time it is a life contract which will brighten up the cosy and commodious home on the hill.—The MINER extends hearty congratulations. Mr. and Mrs. Whiteside are expected to reach Coleman in the course of a few weeks.

did a stunt, the result of which

natural gravitation the car
gained momentum until it
struck its train causing the

the contents, to the extent of
about 100 bags, was roughly
ejected from the opening.

COAL MINES CHANGE HANDS

Spokane, Wash., Dec. 3.—Control
of the Pincher Coal Mining com-
pany, Ltd., operating collieries near the
town of Pincher, Alta., is now owned
by Spokane capitalists, including former
United States Senator George
Turner, O. G. Labaree, R. D. Miller,
L. Roy Slater, F. H. Graves, F. T.
Post, and H. K. Greene. The colli-
eries have been under development for
several years, and this work will be
pushed to supply fuel for towns and
cities in the inland empire. The new
owners will build a spur of two and a
half miles to connect with the main
line of the Canadian Pacific railway.
Mr. Labaree, who interested Canadian
capitalists in the International and
Imperial coal companies, is president
of the new company. He said:

"I have been interested for years in
the coal mines of British Columbia
and Alberta, and while the mines I
am interested in are paying handsome
dividends, I have realized that if a
first-class domestic coal could be dis-
covered it would be of great value, not
only to the owners, but to the country
in general, especially to the inland
empire. I have lived in Spokane for
12 years, and if there has been any
good domestic coal in the city outside
of Pennsylvania anthracite I never
knew it. But as soon as the Pincher
Coal company can build its spur to
connect with the C. P. R. we will not
only be able to fill a long-felt want in
Spokane, but Winnipeg and many
other towns in the Canadian north-
west.

THAT LIBEL CASE

he famous libel case resulted in
McGillicuddy being found guilty and
sentenced to a fine of \$100 or two
months in jail with hard labor. The
crime of which McGilllicuddy was found
guilty was one of the most serious
that can be laid against any editor
and in this particular case it had
aggravated features that made any
punishment the law permits in-
adequate. Attempted murder can
only be regarded as trifling compared
with the vile attack made on Mr.
Edwards. The outcome of this
famous case is so far as the courts are
concerned is not such as will tend to
encourage, but rather discourage such
men as McGilllicuddy to continue their
cowardly work. We are quite safe in
saying that we have yet to read in
the Eye Opener anything that can be
compared with the filthy writings of
this man McGilllicuddy. McGilllicuddy
in his famous letter stated that he
waited long for the authorities to
take action to suppress the Eye
Opener but nothing had been done, he
now having put his hand to the plow
and looking back until either that
would not be clean or suppressed,
sheet was made. What do we find?
Very good, but we are over the Eye
Opener again. After the trial and Mr.
Edwards announced that "repudiation
accordance with the recom. would
of the jury, the Eye Opener would
avoid publishing anything ob-
jectionable nature and this be-
lieve is being strictly adhered to.
Would it not be reasonable to think
that if Mr. McGilllicuddy's attack had
been made with the sole object of
cleaning that sheet and after Mr.
Edwards having announced and de-
termined to accept the rider of the
jury that the attack would cease?
But so, we find the Daily News out
with another letter almost as bad as
the one first written and for which he
was found guilty of libel. Some of
the choice terms used in describing
Mr. Edwards are: "Liar," "Coward,"
"Character-thief," "Bulldozer,"
"Journalist," "misfit," "Four flusher"
and others too numerous to mention.
Is it not rather significant that during
the trial it transpired that 5,000 copies
of that issue of the Daily News was
forwarded to Brandon where the
Hon. Clifford Sifton was seeking re-
election to the federal house. Would
it not be in order now that all ob-
jectionable matter has been eliminated
to restore to the Eye Opener the use
of Sir Majesty's mails and on the
other hand deliver the Daily News the
use of the mails until such time as
those vile letters are cut out and the
paper conducted on decent lines?
